TICKETS

Public transportation in Warsaw (ZTM) is probably the fastest way to move around the city. ZTM tickets are valid in trams, buses and metro – you don't have to buy separate tickets for each of them.

Tickets can be bought in ticket machines in most trams and busses, by every metro station and also online (however I would recommend not buying them through the app, since I'm not sure if any of the available options are translated to English).

While buying the ticket you need to think about three things:

- zone – all places included in the programme are in the first zone and unless you are planning on going outside Warsaw, first zone tickets would be more than enough,
- time – you can buy one or three day ticket and ride for as long as you want during that period of time, or you can buy 'timed' tickets – 20, 75 or 90 minutes tickets (from Theater Academy, all places are within walking distance or 20 minutes ride)
- discounts – check if you qualify for a discount here: <https://www.wtp.waw.pl/en/discount-entitlements/> (if you're not sure, let me know - I'll try to help!).

MAPS

The airport area

1. Bus stop: LOTNISKO CHOPINA -PRZYLOTY 02

It's a bus stop on the lower level of the airport. Depending on where you're going, you can pick one of 4 lines - 148, 175, 188 and 331.

If you're going to the center of Warsaw, please get in 175 line. The ride to the center takes approximately 26 minutes (you get off at the bus stop called 'Centrum', that's 18th stop on the way).

If you're staying in different part of the city and you're not sure how to get there from the airport, feel free to contact me - I might be able to suggest the easiest/the fastest way from the airport.
